

WORLD WIDE WEB RESOURCES

ACT: www.ACT.org

Offers valuable information about the ACT test as well as online registration. Sample questions are given to help students prepare for the ACT.

Education Testing Service: www.ets.org

A great source for information and suggestions on taking standardized tests.

Mapping Your Future: www.mapping-your-future.org

Offers helpful steps and information for choosing a school and finding financial aid.

College Information: www.ecola.com/college

Lists college web pages by states.

Fish Net: www.jayi.com

“The College Guide” allows juniors and seniors to ask questions online about admissions and financial aid, download a common application, and request college information and applications.

Free Application for Student Financial Aid: www.fafsa.ed.gov

Students can file their FAFSA on-line, which can speed up the financial aid process.

Financial Aid Homepage: www.finaid.org

A comprehensive page that can help guide students through the financial aid process. Students can also do free scholarship searches and find information on career planning.

NCAA: www.NCAA.org

An information resource for regulations and requirements for athletic scholarships.

The College Board: www.collegeboard.org

Students can research different careers and colleges, do a free scholarship search, utilize a financial aid calculator, and get information on taking the SAT.
